## GIVE YOUR CABINETS A UNIQUE TOUCH

Glazing is a hand-applied finish used to add depth, enhance woodgrain, highlight molding or create a “rustic” appearance. JB Cutting offers two glazed looks, detail and rustic. Because our process is not automated, each piece reflects a distinct style, conveying an overall hand-crafted look. Glazing is a style and price increase. The end result is worth the added expense!

Specialty Glazes and color combinations available upon request  
 For example: butterscotch and chocolate on antique white

Any part can be glazed  
 For example: crown moldings, flutes, valances, end panels, etc.

## DETAIL GLAZED LOOK

To achieve the “detail” look, almost all of the glaze is removed during the glazing process. Most of the glaze remains in the recessed areas of the door. Actual product may vary from photo.

GLAZES/COLORS	
Chocolate Brown on Antique White	
Auburn Red on Light Pear	
Chocolate Brown on Light Pear	
Onyx on Medium Cherry	

The code for this door would be:

**B200/N501/S01**

**CHOCOLATE BROWN ON ANTIQUE WHITE/DETAIL**

B300

B400

B500

# Glazed Thermofoil Doors

## RUSTIC GLAZED LOOK

To achieve the “rustic” look, hardly any glaze is removed during the glazing process. This creates a more antiqued appearance adding vibrance and depth. Actual product may vary from photo.

### GLAZES/COLORS
